

Brighter Futures

BRIGHTER FUTURES

Dinner Club

The idea is Simple

Brighter Futures is launching the Dinner Club 2026, a year-long campaign inviting the whole island to come together in support of Jersey families.

- You host a meal of any size, in any setting, and ask your guests to make a contribution of their choice. Every donation is paid into a Brighter Futures pre-provided PayPal link and directly supports our work with parents, carers, and children across the island
- Your Dinner Club gathering can take any form you choose. It may be a dinner in your home, an evening in a restaurant, a picnic with friends, a workplace lunch, or a simple meal shared with family. However large or modest your event, you will be part of an island-wide effort running across all twelve parishes throughout 2026.
